

Kia ora

My name is Melissa

ABOUT ME

Hello, my name is Melissa. I was born and raised in South Africa in a rather large family. My family and I (Husband, and two children Milan (11 years) and Enzo (7 years)) immigrated to New Zealand 5 years ago, securing a better future for our children.

MY LEARNING ENVIRONMENT

It is important to me that I provide a respectful, loving, caring, fun, safe and stimulating environment for all children with lots of love and affection to help to create a trusting relationship with families.

I believe that each child is an individual and I will value and develop each child's strengths, passions, interests and knowledge to extend their learning. I believe that children learn through play. I will create and provide opportunities for children to explore, discover, create and imagine. I aim to ensure that your child's experiences and activities in my home are carefully planned to meet children's individual learning needs.

My primary commitment is to develop happy children in a loving secure environment. I look forward to meeting you and your beautiful children!

Come and join our happy "Fairies" family.

Your fairy godmother Melissa
