

Kia Ora

MY NAME IS TRACEY

I believe it is my role to ensure the children feel loved, nurtured, know their boundaries and have fun whilst enjoying a stimulating environment.

ABOUT ME

Hi, my name is Tracey, I live on Whangaparaoa Rd down a driveway opposite McDonald's. I have 4 grown children and I am a young Nana to 4. I also have a fat cat called Mr. Whiskers. I am passionate about early childhood education in a home-based setting and have worked for 25 years as an educator. Prior to this, I worked for 6 years in daycare running the baby department, also 5 years as a lab technician at Starship hospital.

MY LEARNING ENVIRONMENT

I believe that living and learning begins at home and the best foundation for early learning is the provision of a stable and secure environment. I have a small group of 4 children which allows them to receive personal care to form a strong attachment necessary for meaningful learning.

I believe it is my role to ensure the children feel loved, nurtured, know their boundaries and have fun whilst enjoying a stimulating environment. We love going out into the community to playgroup, parks, pet shop, library, dance etc and the children are encouraged to socialise and build relationships with other children and adults alike.

I attend many professional development courses and always have a current first aid certificate, a well serviced and up to date people mover for transportation complete with secured car seats.

Each child has a learning journal and I encourage parents to share their aspirations for their child and to celebrate their child's experiences and achievements through open and regular communication with me.

I look forward to welcoming your child and family into my Fairies home. It is a privilege for me to be able to nurture and love your precious babies.
